The BIG FUTURE Survey

The Big Future is asking children and young people about their lives, their experiences and their hopes for the future. This is help the Children's Commissioner build a national picture of what matters to children today and to ensure their views are heard by Government.

The survey takes just a few minutes to complete and can be accessed here: https://www.childrenscommissioner.gov.uk/thebigfuture

Family Healthy Lifestyles group from Thriving Nottingham:

Please see the attached flyer regarding a local Family Healthy Lifestyles group from Thriving Nottingham that may be of interest if any families or children meet the criteria. The sessions are Fridays from 5.30 to 6.30pm, booking essential. There is also lots of other support available from Thriving Nottingham too. See Thriving Nottingham | Helping you to live well and feel great for further details.

Report from our Year 6 Sports Journalists:

On Thursday afternoon, Year 5 and 6 went to Harvey Hadden to participate in an athletics competition. Everyone took part in different sports such as running, javelin, speed bounce and other field events. The whole team helped to encourage each other and showed a great team effort; we did best at running but needed to support each other with the field events more. The team managed to come 3rd out of 10 schools and everyone showed how good of a school Glade Hill is at being resilient and supportive. We can't wait to go back in the final and hopefully get a place on the podium!
